

Hello

Let me tell you about DEAF, Inc.

DEAF, Inc. was founded in January of 2005 to help Deaf people by providing interpreting services for family and personal events. An example would be a family reunion where sometimes a Deaf person is the only Deaf in the family and they miss out on all the communication between family members. The Deaf person would like to have an interpreter present but cannot afford to hire one. That is where DEAF, Inc. comes in. We provide an interpreter for you and your family at no cost to you. There is a 2 hr maximum for each event.

Other events could include your parents anniversary party, a baby shower, a hearing friends birthday party or you want to attend your grandmothers funeral and be included. You can now participate in those events by contacting DEAF, Inc. prior to the event, click on Request Interpreter and we will send an interpreter for you at no cost.

Suppose you were invited to a Tupperware party and wanted to attend. The ADA (American's with Disabilities Act) does not cover these types of events. The interpreter is something the Deaf person has to pay for. Now you can contact DEAF, Inc. prior to that party and click on Request Interpreter. DEAF, Inc. will provide an interpreter at no cost to you.

You can contact DEAF, Inc. right here at this website by clicking on Request Interpreter. Fill out the request and submit. That's all there is to it !

Thanks so much !
